DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 7-14 are rejected under 35 U.S.C. 102(b) as being anticipated by Kojima et al (US 5,620,384).

Kojima et al disclose the front derailleur comprising: a frame bracket (3, 10) connected to the seat tube and located adjacent the chain wheel (see Fig 2, the frame bracket having two lugs (3c, 3d) extending from a side thereof; a chain guide (7) having: a guide plate over-striding the chain (see Fig 2); and a pivot joint (6b) located on a side of the chain guide opposite the guide plate; a linkage rod (5,6) being pivotally connected to the two lugs at a first end thereof and pivotally connected to the pivot joint at a second end thereof; and an actuating arm (5c) pivotally connected to the frame bracket by a shaft having a return spring (8) providing a restoring force, the actuating arm having: a cable connector (see Fig 2), the control cable (12a) connected to the cable connector and selectively controlling a movement thereof; and a pivot joint plate connected to the pivot joint, wherein a movement of the chain guide is controlled by the control cable to move the chain between at least a highest speed mode and a lowest speed mode, when the chain guide is in the highest speed mode, the linkage rod is located at a position substantially parallel with the seat tube and the restoring force of

the return spring is equal to an active component force required for shifting the chain, such that the restoring force is utilized for down- shifting (col. 5 lines 42-57).

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. 5,779,580 White et al (background of derailleur)
4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
